# ABOUT OUR BUSINESS & TERMS AND CONDITIONS | 2019

# About Us

Our ranch consists of 500+ commercial cows and 100+ registered cows. Our commercial herd roots drive the direction of our seed stock, to bring you a **truly sucessful product**. Our 100% Black Angus cattle herd is raised on **native grass** and free choice mineral; the calves are **never creep fed**. We calve our first calf heifers in March, followed by our cows in April.

## We have 30 Yearling Angus Bull Calves

We are excited about this year's set of bull calves.
We believe they are the **largest, complete, and most uniform set of bulls** we have yet to sell.

## Cole Creek Automatic 816

Purchasing 816 got us very excited. His sire, Cole creek 1100 Automatic, purchased by Elstone Lone Tree Angus in ND. This **bull line is stylish** and it's **daughters have exceptional udders and disposition**. His Dam has an amazing production record; and not only produced the high selling bull ever for Cole creek Angus, but has produced 4 other herd sires working in top notch registered herds. **We had high expectations and he has surpassed them on every level.** He stamps his progeny with more eye appeal then any other bull we have used to date. He has an excellent disposition and is passing it on to his calves. We used this bull heavy again.

816 had an individual birth weight of 71lbs, a weaning ratio of 105, a yearling ratio of 107, IMF ratio of 125, and a ribeye ratio of 104. 816 BW ratio of 97 and a weaning ration of 101 on his first set of calves.

Cole Creek Seal Lite 1446 is the son of **arguably one of the best ever Cole Creek cows**. She has done more with less her entire life and continues to do so with a weaning Ratio of 11/103 and a yearly ratio of 11/102. She is also the Dam of the very popular Cole Creek Cedar Ridge who has been used throughout North America. His sire is packed full of great cows. **He sires very good females** and bulls that have plenty of eye appeal. Seal lite had a individual weaning rato of 106, yearling ratio of 102, an imf ratio of 143 and ribeye ratio of 102.

## Cole Creek Black Seal 1132

Daughters are really nice first calf heifers with **exceptional udders**. **Excellent footed, level top line, and natural thickness**.

## Cole Creek Clovanada 495

Produced **Cole Creek Cedar Ridge1V**.
Cedar Ridge is a terrific sire of light birth weights, excellent disposition and really productive cows.

# HERD BUILDERS

## Sinclair Rollin Coal 6K7

Sinclair Rolling Coal 6K7 had a birth weight of 70lbs, individual weaning ratio of 114, a yearling ratio of 105, ribeye of 116, and IMF of 126. Rollin Coal 6K7 was a stand out from the well respected Sinclair Cattle Company.

He is an **aggressive breeder**, covering nearly 40 cows as a yearling. Many of those 40 cows were in a multiple sire pasture with 7 other bulls. He **kept his condition thoughout** the breeding. He sired one of the high ratio bulls at 114.
